ADVENTIST WEB MEDIA MINISTRY
Church Connect & School Connect
ADVENTIST WEB MEDIA MINISTRY

Websites for Adventist churches and schools provided at no charge by the North American Division.

FEATURES OF ACC 3.0

Adventist Living Pattern System
Sites reflect the Adventist Church's visual identity, showing that local churches and schools are part of a worldwide organization.

Easy Interface
As you add text, images, and media, you will see exactly how each page will look on the front end of your site.

Drag and Drop Images
Simply drag and drop a photo into the page you're editing and it will automatically upload. You can also resize images, adjust the aspect ratio, and add captions.

Social Media Integration
Connect all of your church or school's communication platforms by linking your social media channels to icons on your site.

Online Calendar
Use our calendar feature, or sync the website with iCal or a Google calendar.

Seamlessly Incorporate Media
Upload audio and video files to your site or link to media already on Vimeo or YouTube.

Responsive Design
Sites automatically adjust to fit screens of all sizes including computers, tablets, and smart phones.

Security Features
ACC sites are automatically configured with an SSL certificate for your domain.

Search Engine Optimization
Sites include many features that will boost search engine rankings. In addition, each page allows you to add key words to help improve SEO.
