Share and Care

Did you tune into **Jesus in Your Church** last Sabbath? Did the program help set a positive direction for your church? Did the interviews energize your own personal commitment to God for his direction in your life? We'd like to hear your comments. Positive feedback helps when planning future events.

On behalf of the Adventist Media Center, we apologize for the technical difficulties that occurred during the afternoon program. For those who could not see it at all, some alternatives including a rebroadcast have been provided so you won't miss out. Read about them in this issue.

Some descriptions of the problem which we received from viewers indicated that the problem did not lie only with the decoder. We emphasize again that it is imperative that churches upgrade or reposition their dishes to receive the Church Channel and all the new networks available on the church dish. This program was uplinked for churches only. Therefore it was available on the church channel, a private way of streaming programs intended for church use only. The program was not shown through DirectTV since that is the Hope Channel for public viewing. For **equipment assistance and questions, please call 855-NET-2011 or visit www.AdventistSat.com. Now is the time to check out your satellite dish to make sure you can get the rebroadcast and future pre-NET events.**

Please read carefully where you will receive a broadcast. There is a difference between Hope Channel and Hope Church Channel. Program schedules for both can be found at www.hopetv.org.

Pre-NET Events

- ❖ **Day of Prayer and Reformation**
Rebroadcast dates: January 22 and 29, 2011, 4:30-6:00 pm ET

NET 2011 is being supported by several websites and 800 #s. A 5 X 5 card, like the picture seen here, has come to you in the NET resource packet.

Designed as a quick reference guide, the card can be hung on a bulletin board, refrigerator, computer or someplace convenient for easy access.

Please take time to look through the packet. It has posters, order forms, event information and resources that will help you plan for the fall event and its pre-NET events scheduled for May and September.
