## Share and Care

This year is full of opportunities for congregations in North America!

The good thing is the opportunities are supported by great resources that are just as suitable and accessible for a congregation of fifteen as for a church of several thousand members. That means that planning the outreach activities for a congregation just got a lot easier because the resources are relevant to the times in which we live and cover topics that concern people everywhere.

Have you thought what your congregation could look like a year from now? Will it be vibrant with the enthusiasm of new members? Have you pondered what it would take to bring new life to your church?

If you're looking for answers and would like to be inspired by new ideas, visit <http://host.propheciesdecoded.com> to see how your church can reach out to the community while at the same time see positive results within the church family.

*Envision your outreach activities for 2011  
and the difference they will make in your church.*

*With dreams in one hand and a clear vision in the other,  
God will help us create everlasting legacies.*
