Phone: 800-222-2145

FAX: 509-525-0952

With only 57 days remaining, it would seem too late to jump on board, but some churches are still registering. In past years, **registration** continued until the day before! It's always surprising that this can happen, but no one is turned away from an opportunity to join the NET team to share the good news of God's love and His offer of salvation.

Preparation is so important to success. It is so much more than opening the door of the church and turning on the Hope church Channel to receive the programming. But, it is still not too late to **purchase handbills** for a direct mailing or to give out personally. Notice you have until Monday! It's not too late to encourage your church to **pray** for friends and family and then **invite** them to the meetings. It's not too late to **order other printed materials** to support the meetings. It is actually early for placing **ads in the local newspaper** but you can locate them online and beginning thinking how you will adapt them to

your meeting. There is still time to **check your satellite dish**, repair or upgrade and check it for good reception. There is still time to locate your church list of past and present **interests** to add to your mailing. There is much to do but you can make it happen. Enlist the help of the outreach committee and the lay people to prepare and plan to work hand in hand with God In your community. It is important to register! One registration allows you the opportunity to participate in both the NET and the pre-NET event. You will receive a planning packet in the mail but much of what you need is already online at <http://host.propheciesdecoded.com>.

Pre-NET seminar—*Astonishing Discoveries in the Land of the Bible* September 14-18

Dr. Ron Clouzet and Dr. Michael Hasel from Southern Adventist University will take you through Egypt's Valley of the Kings, the pyramids, and the mysteries of the mummies, including the thrilling discovery of the tomb of Tutankhamun. You will see how archaeological data brings Bible stories to life.

Plan to host the Archaeology seminar in your church. It is a great beginning to the full message series that will begin on September 30. Invite the community.
