Share and Care

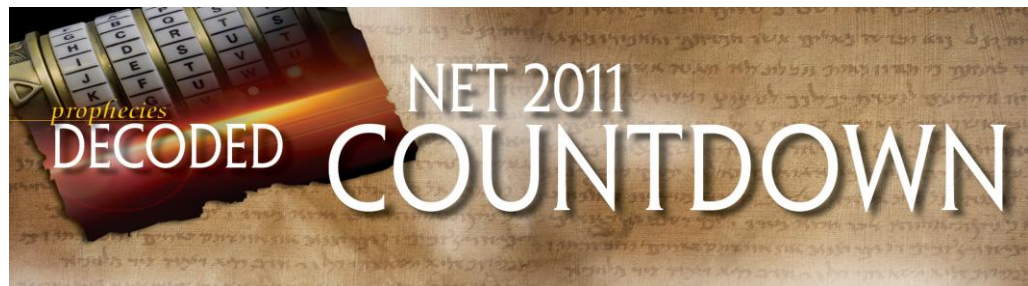

If you're planning to use the pre-NET event—Astonishing Discoveries in the Land of the Bible—in your community, it is only a matter of days away. During the next two weeks, members can prayerfully invite friends and neighbors to attend with them. The archaeology approach has been used by successful evangelists and will be an excellent lead in to the NET series, Prophecies Decoded: Can the Past Reveal Your Future?

*“All that the apostles did, every church member today is to do.
And we are to work with as much more fervor,
to be accompanied by the Holy Spirit in as much greater measure,
as the increase of wickedness demands
a more decided call to repentance.”*

Ellen White

Expanded delivery granted Net 2011

NET 2011 and the two pre-NET events will be, and have been, brought to the churches via Hope Church Channel. This week we learned unexpectedly that the Hope Channel and DirecTV will also be able to carry the programming for public viewing. The expanded coverage is a blessing to the mission of NET 2011. Pray that the Holy Spirit will touch the hearts of viewers who are seeking for truth.

Pre-NET seminar—Astonishing Discoveries in the Land of the Bible September 14-18

Dr. Ron Clouzet and Dr. Michael Hasel from Southern Adventist University will take you through Egypt's Valley of the Kings, the pyramids, and the mysteries of the mummies, including the thrilling discovery of the tomb of Tutankhamun. You will see how archaeological data brings Bible stories to life.

Plan to host the Archaeology seminar in your church. It is a great beginning to the full message series that will begin on September 30. Invite the community. <http://host.propheciesdecoded.com/archaeology>.
