Share and Care

Preparations for *In the Beginning: Making Sense of the Creation-Evolution Debate* should be about finished. If you're doing a direct mail handbill, Color Press will send them at just the right time. Those who decided on door hangers will soon be placing them on doors in the neighborhood around the church and members will be taking them to homes in their neighborhoods. This is the time to spread the word! It's not too late for personal invitations. For those you know may have difficulty getting to the church, offer a ride. These are simple ways to be involved in outreach activities and to support the event.

It's getting late but you may still try to place the news story in the local newspaper (available online at <http://host.propheciesdecoded.com>) and to buy ad space using the choice of color and black and white ads online also.

Plan a time to pray together for the Holy Spirit to work in your community. Pray that God will use you to care for guests that will come to hear the biblical account of creation.

*"God will not permit this precious work for Him to go unrewarded.
He will crown with success every humble effort made in His name."*

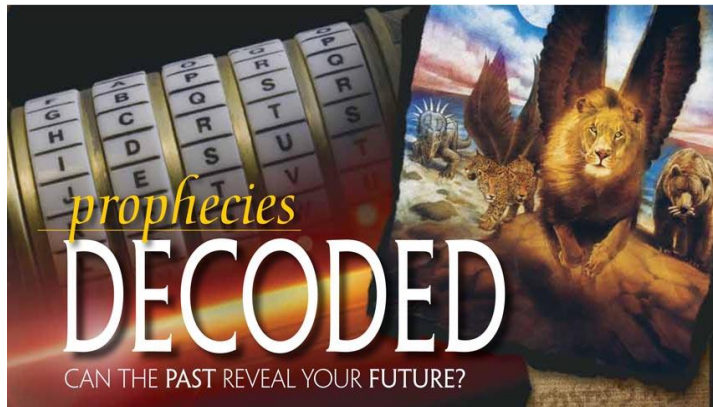

Gospel Workers, p. 192

About the Speaker—Ron Clouzet

and his partner in ministry—Lisa Clouzet

Ron Clouzet, filled with a compassion for people who have yet to experience the love and saving grace of Jesus, has made a commitment for 2011 that could impact YOU—every pastor, church and member in the North American Division.

He will hold a field school of evangelism engaging his students at the Seminary, and as part of the greater picture, has mapped out an entire year of revival, equipping, pre-work and pre-event seminars that will culminate with a Division-wide NET Event beginning September 30.

“God has blessed me with a family that shares my mission,” says Pastor Clouzet. My wife Lisa assists me in evangelism by handling registration, visiting interests and working with students.

The Clouzets will be working alongside the North American Division Evangelism Institute team as they conduct a field school of evangelism in Nashville. Seminary students will be getting hands on experience in taking the gospel to those who have not yet heard. The larger ministry team will be preparing people for the full message series, *Prophecies Decoded: Can the Past Reveal Your Future?*

Become part of the team by registering your church to host the events.
